

CDMA / EV-DO Network Deployment

Bridgewater Fit

SUBSCRIBER DATA BROKER™ provides a sophisticated subscriber data management system serving all subscribers and applications.

SERVICE CONTROLLER is the most proven, scalable, and robust AAA solution of its kind. Widely deployed, SERVICE CONTROLLER is proven in deployments serving 70M+ subscribers, and supports more than 14B transactions per month to back end billing systems for a single customer.

POLICY CONTROLLER enables CDMA operators to control network resource usage and application authorization in real time to support fair usage, casual user service models, and location-based content control as examples.
